**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not allow AT&T and Comcast to drive the smaller companies out by restricting access. Sonic has been a huge help to my household because it saves us money! I was paying \$220 with a bundled package from Comcast and they never tried to help me lower my bill even though I asked many times. It wasn't until I called in to cancel that they decided I could be offered a much less expensive bundle but by that point it was too late. Today with Sonic Fiber and the new streaming services I was able to cut my bill from \$220 down to \$90 a month. That is a huge savings! In this day broadband is a necessity not a luxury and if you allow the big companies to rule over this market it could have disastrous consequences for everyone.
